provisions that I felt were minor in import that I disagreed with, I could overlook them. I agree that very few bills go through this legislature controversial in nature and dealing with complex subjects that anybody would agree with 100%. But, when there is a substantial portion of the bill which I feel is very substantial and I disagree with that I will vote against it. If I can kill the bill that is exactly what I will do. For those of you who are not clear on what my primary objection to the bill is, the commission makes judgments and determinations. When you have a tainted judge, you must have a tainted decision. But, the politicians are not concerned about tainting the commission, by having elected partisan politicians on it, perhaps voting on issues related to their own campaign. The campaigns of members of their party. I think that is totally wrong. I think that it is contrary to the stated purpose and the spirit of this bill is. So, if it means taking marbles and going home, that is what it means to you. But, Senator Kelly this issue like so many others is in the eye of the beholder. Perhaps you see what I do, and judge what I do as you would see it and judge it if you were doing it. But, you are you and I am me. We each have our own conscience and that is why my name is Ernie and yours is Jim. You do what Jim thinks is best for Jim and Ernie does what Ernie thinks is best for Ernie, and the little Ernies of this world. So, I am moving to kill this bill, and I hope that those of you who have listened to the argument will vote the same way. Mr. Clerk, Mr. Clerk, I want a Call of the House and a roll call vote before anything is put on the board. I don't want a machine vote.

PRESIDENT: The question is shall the House go under Call. Record your vote on that proposition. Record.

CLERK: 28 ayes, 5 nays.

PRESIDENT: The House is under Call. All Senators kindly return to your desks and record your presence promptly. Check the board and record your presence please. Have you all recorded your presence? Please stay at your desks so that we can get started with this immediately. All right, commence the roll.

CLERK: Roll call vote. 7 ayes, 40 nays and 2 not voting. Vote appears on page 1492 of the Legislative Journal.

SENATOR CHAMBERS: I move that the call be raised. I know it is a bad bill now.

PRESIDENT: Question is shall the Call be raised? All in favor say aye, contrary nay. The Call is raised. Under the south balcony, I might as well read this, my mom and Father Ken Potts are under the south balcony. That is from Senator Mahoney. Mom Mahoney, would you stand and be recognized please. Thank you for being here.

CLERK: Motion on the desk Mr. President.

PRESIDENT: Read the motion.
